THE ENTRANCE TO THE
GUILD GALLERY IN THE FIFTIES

PORTERS

The entrance to the famous Guild Gallery has changed many times over the years. Reflecting the times and tastes of the seasons, customers have always been able to rely on the design of these rooms as an indicator of what's new and important in the world of fine furniture. In honor of Porter's 150th Anniversary celebration, eight of the rooms have been decked out in the finest Stickley furnishings, from the classic Mission style to the contemporary 21st Century collection.
